Pursuant to arrangements previously made, we are submitting herewith a statement of costs and final price revision proposal with respect to Section C of subject contract.

The cost statement submitted herewith includes all outstanding commitments authorized under the subject contract except for a commitment to Phillips Petroleum Company for test fuel in the amount of \$15,000.00. This cost was authorized per your DPD-5554-59, dated 19 August 1959. We propose, with your approval, to transfer this commitment to Contract BK-3559, since deliveries are not due to be made until late this year.

Very truly yours,
